## Reader guest...

"I love angels of any kind. This design looks really colourful and pretty. I'll stitch this for my mother-in-law too as she collects angels." Jennifer Fredeen

### Kreinik threads

Kreinik's braid is non divisible and should be used singly in the needle. It is a courser thread than stranded cotton, so it might be worth using a larger, size 22 tapestry needle which will help to stretch each aida hole and reduce the amount of wear and tear on the thread.
